

JULY BULLETIN

UNBELIEVABLE!!! I just mentioned the date a bulletin or two ago and we already have people getting into the October 13th American Legion Annual Golf Tournament!!! Mark those calendars and get your team signed up for our Par 3 Pine Glen event... There's drinks, there's prizes, there's food and of course a GREAT time had by all!!! Last year we sold out all the spots in a matter of 31 days with people calling up 3 weeks or more before the tourney and wanting to get in and we had to tell them they were a month and a half late, people love it... We have 72 spots available and we are selling them off group by group so get in the mix and experience the fun, don't hear about it at the bar the week after, live the dream!!! Fliers are in the Canteen so grab one up and get on the course with us again, that was October 13th.

We know it is hot, and August doesn't bring any relief, but our forced air cooled canteen is the place to relax with friends where you can tip back a cool beverage while the rest of the city cooks to a golden brown and self bastes like a butterball turkey.

OK folks lets give that afghan a tug, grab that cup of chamomile tea and curl up with this months "Critics Corner", where we provide you the best reviews and biggest bang for your buck in the theatrical big screen arena... starting with, "Gotti", PLEASE!!, I was embarrassed for these people... for one, literally down to the quotes, you could watch a documentary on A&E and get better coverage and the EXACT same information. And second could someone explain to me a movie about a "supposed" mafia godfather, (with literally 34 counted producers/ executive producers) and not one single Italian in the bunch. It's like covering the rise and fall of the Ming Dynasty and not one Asian is in a consulting or advisory capacity... Hold onto your money for girl scout cookie season, you'll get more out of it...

Let us skip to another big screen movie... TAG, an actual true comedy movie that was in the wall street journal under a human interest story about a group of friends that have really been playing the same game of tag for 23 years. This movie has a pretty solid cast which it needs to pull this off for 102 minutes. There is a few chuckles and even a couple all out laughs that come together in a struggling film, that I am confident in saying, will not be on the Academy's voting ticket this year. And now for the "Review of the Month"

Jurassic World... This is an ongoing franchise and if you are following it this is a good movie with a descent plot. There are outstanding special effects as well as a nice mix of comedy and excitement. It is well worth seeing in IMAX form or even 3D. So to recap and grade our reviewed movies on our popcorn scoring system with 5 popcorns being the tops...

Gotti--- ½ popcorn / TAG--- 2 ½ popcorns / Jurassic World--- 4 popcorns

Now as I slide my soapbox/movie seat back into the closet till next month, don't forget to take your vitamins, say your prayers and I'll see you around the corner and in the isles.
