

MAY BULLETIN

Well it seems more people read the bulletin then I thought, for all you people looking for a little guidance and supervision I'm sorry I let you down last month. I caught poor FayeZ in the pool room walking in a circle talking like rainman whispering over and over, "Definitely missing the bulletin, time to check the movies, 5 minutes to first show, Definitely need the bulletin Ohh Ohh" Well it's time to get him straight, first of all... Trish is kicking off the month with her 3rd annual Cinco de Mayo party!!! This starts at 12:00pm and goes till ??? she has margarita specials, Mexican beer specials and of course a few raffles, as well as... wait for it... The Ultimate Burrito Bar!!! Just when you thought those arteries were safe conquering her standard burrito bar here comes the "Ultimate" you don't want to hear about it from friends you have to come witness this first hand!!! On May 11th we will be having a Celebration of Life for a very dear lady who was one of my biggest supporters 15+ years ago Gerry Cadwalader in the main hall from 2pm – 4pm, stop by and help us say farewell to a lady who truly defined the words "Class Act...."

Mark your calendars for the Annual American Legion Golf Tournament October 12th!!!

We will start taking entries on July 15th, I know this will fill up fast and there are tournaments going on after us as well so we are slotted for the first 72 golfers in will be playing... just a heads up, please do not worry about trying to get signed up before the date as it is unfair to others. I guarantee this event will sell out quick!!!!!!

OK my little movie minions it is time to get you on the road to quality viewing OR ones you can wait for on regular t.v. starting with, "Breakthrough" this is an actual true story from my home stomping grounds of St. Louis, Missouri... why don't you just cram an onion up my nose after spraying the juice in my eyes, although this is a faith based type of movie it is done very well. Talk about a tear jerker, if you come to me and tell me you didn't tear up... immediately after I check for a pulse I will be enrolling you in a counseling program. Not only a true story but an emotional roller coaster to say the least!!! Then there's "Shazam" this movie will have you chuckling remembering when you were younger and dreamt of having some kind of superpowers after seeing Superman or Spiderman. A comedy that although predictable still is enjoyable and funny.

And now here is what I will refer to as a "Corner add on" for you people looking to jump out and get yourselves some restaurant groceries, Each month I will a share little place where the food was tasty and the prices were reasonable, starting with Emiliano's Mexican Restaurant on Mission Gorge Rd. I highly recommend the Chile Verde, very tasty and at under \$16.00 is enough for 2, this is not fast food so please don't grab me in the Canteen and start crying how good Sombreros or taco bell is, you sit down, have chips and salsa that they bring to a table, and have a cocktail while looking at a fold up menu, not one lit over the cashier's head, and look out over Admiral Bakers Golf course. Tell them Lenny sent you... it won't get you a discount or a better table, but the confused look on the waiter's face will give you something to giggle about over your margarita...

Another little add on is that on June 1st there is the Flag Day Parade, stop on down to participate or have a cocktail and lunch at the Canteen for a little comraderie. Please let Jack know about convertibles and riders for the parade!!!

Now as I slide my soapbox/movie seat/restaurant booth, back into the closet/upright position till next month, don't forget to take your vitamins, say your prayers and I'll see you around the corner.
