

SEPTEMBER BULLETIN

OK Folks the last of the hottest months is here, then we start down-stroking slowly but surely into Fall. I know it isn't a quick transition but it at least begins!!! Here are some dates to remember, October 12th for you people signed up for the golf tournament the Tee-Times will be posted on or about Sept 11th, November 9th... I know this is a ways out but it is best to make plans early, Lynn's Annual Prime Rib Veteran's Dinner, there will only be 100 tickets sold as usual because that is how much we can do so it comes out like we want. I promise you this event will sell out quick!!! Especially after last year, an excellent meal (actually most of us got 2 meals out of it with leftovers) I told everyone this for the golf tournament and it sold out in 9 days, please pay very close attention when the flyers come out for ticket availability date!!!

FOOTBALL BEGINS!!!! September 8th is our first football spread with Trish's Ultimate Burrito Bar leading the way & Glory follows it up on Monday with her famous Goulash... I can tell you, this you want to be a part of!!! Fun, Games and Groceries all through the season in your forced air cooled Canteen with 6 big screen T.V.'s!!!!!! That is how you watch the games.

Very Important Note... we are becoming unable to purchase Styrofoam containers for people that want their food to go, the only thing we can start to offer is coming to be a plate and some tape. It is incredibly expensive to purchase the alternatives that we have at our disposal, some people already bring in their own carry-out containers and prefer that over even Styrofoam plus lots of the time when I take out the trash that is where I see many of the to-go containers, most people finish their meals and they don't leave the building... but we will have an alternative for you if you were picking up lunch for the next day or saving leftovers.

Reminder for our meeting date of September 24th the Canteen will be closed at 1700Hrs and the upstairs will be open for the meeting with the bar available, it will be a very interesting meal with several presentations and guest speakers. This is in honor of the American Legion turning 100 years, and the VFW at 120years of activity. Come learn a little about the organization you belong to, it should prove very interesting!!!

It seems any time I was off I had other obligations so I have no movies to report on... :(But, there is a new grocery outlet to tell you about... The Grove Steak House up at Viejas.

This place, although can get a little pricey, is PERFECT for a special occasion!!! The steaks are so good they cut themselves, with unbelievable shrimp and lobster deals as well as specialty cocktails that are incredible. If there is a special event coming up, loosen the wallet for a night and treat your significant other to what groceries are meant to taste like!!! It is a true treat!!!

Christmas is coming up fast and before you know it the holiday season is upon us, we all need a few tips to get through those trying times and in our next bulletin you will get a special to do list for making your plans as well as pearls of wisdom to help bring you home safe after the holidays. Keep your eyes open in the Canteen for special announcements and any on the spot things that people have been doing from time to time in the Canteen and the hall that are last minute and through the week.

The Auxiliary will also be having a **breakfast on September 22nd** from 9:30AM – 12:00PM, football will be on in the Canteen and lunch for the afternoon game people will follow.

Now as I slide my soapbox/movie seat/restaurant booth, back into the closet/upright position till next month, don't forget to take your vitamins, say your prayers and I'll see you around the corner.
